Webinar on NDVP for Covid-19 vaccine held

Metro Desk

Bangladesh Health Watch (BHW), a citizens' platform to improve the country's health system through evidence-based critical review of policies and citizens' feedback, organised a webinar on National Deployment and Vaccine Plan (NDVP) for Covid-19 vaccine on Monday. Convener of BHW Dr Ahmed Mushtaque Raza Chowdhury delivered welcome address in the webinar while Advisor to BHW Dr Yasmin H Ahmed moderated the event. The keynote paper was presented by Adviser of IEDCR Dr Mushtuq Husain on vaccine deployment plan. In the webinar Dr Farah Kabir, country director of Action Aid Bangladesh, Dr Shafiun Shimul, associate professor of Institute of Health Economics of Dhaka University and Dr ABM Akhter Hamid, public health specialist of WHO, were present as the panelists. In the webinar, the discussants focused valuable points regarding the social aspects of vaccination programme. They stressed the need for wearing masks and maintaining social distancing and effective medicines besides vaccination.
